---

Kristine -

I would like to talk with you while you're in town; I will give you a call.

karen

Karen and Keith - Here are my comments on DEQ's draft ppt presentation for 10/26. I intended to provide information for slide #18, but (b) (6) I'll be in Portland the rest of the week and will be available to discuss this with you in-between scheduled meetings. I either leave a message on my work phone or on my cell phone (b) (6).

Thursday's stormwater mtg and PPT presentation

<<SW Strategy PPT presentation.ppt>>

See all you pirates and ninjas this Thursday at 1:00. Bruce Hope will also be attending, and will be prepared to tell us which team he's on.

Our primary task is to get squared away for the LWG mtg on the 26th, which includes:

- developing a proposed agenda and goals/objectives for the meeting
- providing Keith/Karen with general feedback on the content of the PPT presentation\*\*
- fleshing out a detailed timeline\*\*\*
- deciding how to incorporate Bruce into the agenda (i.e., breadth/depth of his presentation)
- clarifying our "position" about how we'd like to see the stormwater evaluation move forward

\*\*Sorry for the delay in getting this out to you. Keith and I have been working the PPT back and forth a bit. Don't worry about getting edits back to me right away, we'll have time to work them in next week. If you have time to review it - display it so you see the "notes." That will make it easier to track the flow of the presentation.

\*\*\*At our last meeting, we also talked about creating a more detailed timeline. I'm thinking it would be most efficient for us to do it as a group on Thursday. I'll bring a wall-sized timeline with the obvious dates already filled in, and a bunch of sticky notes so we can populate it with additional milestones.

See you Thursday

- Karen
